## **NOTES TO INTERIM FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2022 AND 2021**

(in Canadian dollars)

---

### **1- STATUTE OF INCORPORATION AND NATURE OF ACTIVITIES**

Abcourt Mines Inc. (the « Company ») was constituted by letters patent of amalgamation in January 1971 and continued its existence under Part 1A of the Quebec Companies Act in March 1981. On February 14, 2011, the Company was automatically continued under Business Companies Act (Quebec) following the entry into force of this law. The Company is engaged in the acquisition, exploration, evaluation, development and exploitation of mining properties in Canada, principally gold. Its shares are trading on TSX Venture Exchange under the symbol ABI, on Berlin Stock Exchange under the symbol AML-BE and on Frankfurt Exchange under the symbol AML-FF. The address of the Company's head office is 475 de l'Eglise Avenue, Rouyn-Noranda, (Quebec) J0Z 1Y0.

These financial statements were approved for publication by the Board of Directors on the November 28<sup>th</sup>, 2022.

### **2- GENERAL INFORMATION AND BASIS OF PREPARATION**

These interim financial statements have been prepared by the Company's management in accordance with International Financial Reporting Standards (« IFRS »), as established by the International Accounting Standards Board and in accordance with IAS 34 « Interim Financial Reporting ». These interim financial statements were prepared using the same basis of presentation and accounting policies outlined in the annual financial statements on June 30, 2022. They do not include all the information required in annual financial statements in accordance with IFRS and must be read in conjunction with the financial statements for the year ended June 30, 2022.

The Company's independent auditor has not performed a review of these unaudited interim financial statements for the period ended September 30, 2022, in accordance with standards established by the Chartered Professional Accountants of Canada for a review of interim financial statements by the Company's auditor.

### **JUDGMENTS, ESTIMATES AND ASSUMPTIONS**

When preparing the interim financial statements, management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results.

The judgments, estimates and assumption applied in the interim financial statements, including the key sources of estimation uncertainty, were the same as those applied in the Company's last annual financial statements for the year ended June 30, 2022.

### **GOING CONCERN**

These interim financial statements have been prepared on the going concern basis, where assets are realized and liabilities are settled in the normal course of business,

The Company has determined that one of its mining properties, the Sleeping Giant mine, contains probable mineral reserves. The Company has not yet obtained the necessary financing for the development of the project to production. This project is still at the development stage and the other projects are at the prospecting and evaluation stage. On August 1, 2022, the Company ceased operations at the Elder mine which was placed in care and maintenance mode.

The Company's ability to continue as a going concern is dependent upon its ability to raise additional financing to further develop his Sleeping Giant project and explore its mineral properties, to generate additional cash flow from its operations and continue to benefit from the continued support of its main suppliers and creditors and its secured lender. Even if the Company has been successful to obtain financing in the past, there is no assurance that it will manage to obtain additional financing in the future and there can be no assurance that such financing sources will be available on terms acceptable to the Company. As at September 30, 2022, the Company has a deficit of \$46,949,912 and cash of \$2,716,254 and has a negative working capital of \$3,057,707.

This material uncertainty therefore cast significant doubt upon the Company's ability to continue as a going concern.

The financial statements have been prepared on the going concern basis, where assets are realized and liabilities are settled in the normal course of business, and do not reflect the adjustments that would be necessary to the carrying amounts of assets and liabilities, the amounts reported for revenues and expenses, and the classification of items in the statement of financial position if the going concern assumption were not appropriate. These adjustments could be material.

### **3- NEW OR REVISED STANDARDS OR INTERPRETATIONS**

#### **Standards, amendments and Interpretations to existing Standards that are not yet effective**

At the date of authorization for publication of these financial statements, several new, but not yet effective, Standards, amendments to existing Standards, and Interpretations have been published by the IASB. None of these Standards, amendments or Interpretations have been adopted early by the Company

**MINES ABCOURT INC.**  
**NOTES TO INTERIM FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2022 AND 2021**  
(in Canadian dollars)

**3- NEW OR REVISED STANDARDS OR INTERPRETATIONS (continued)**

**Standards, amendments and Interpretations to existing Standards that are not yet effective (continued)**

Management anticipates that all relevant pronouncements will be adopted for the first period beginning on or after the effective date of the pronouncement. New Standards, amendments and Interpretations neither adopted nor listed below have not been disclosed as they are not expected to have a material impact on the Company's financial statements.

**New standards**

**IAS 16, Property, Plant and Equipment - Revenue Prior to Intended Use**

On May 14, 2020, the IASB published Property, Plant and Equipment - Proceeds before Intended Use.

The amendments apply to fiscal years beginning on or after January 1, 2022. The amendments provide guidance on the recognition of the proceeds from the sale of items that a company produces and sells so that an item of property, plant and equipment can be used as intended, as well as the related costs of production. In particular, proceeds from the sale of items that have been produced before the related property, plant and equipment is ready for use should be recognized in net earnings (loss), together with the related production costs. The application of this new standard for the quarter ended to September 30, 2022, and 2021, had the effect of increasing the deficit and decreasing property, plant and equipment by a net amount of \$488,734.

Balance, end of year	<u><u>6,207,146</u></u>	<u><u>6,165,101</u></u>

The rate used to determine the future value is 2.22% (4.9% as at June 30, 2022), while the rate reflecting the current market assessments used to determine the present value of the provisions is 3.27% and 3.80% (3.12 % and 3.06 % as at June 30, 2022). The payments schedule was determined by taking into account the measured and indicated resources, the estimated annual production level and the estimated mine life. The changes to estimates were accounted for as property, plant and equipment

The schedules of the estimated cash flows of future retirement costs of the Elder and Sleeping Giant mines were revised to take into account their updated estimated resources, their estimated mine life and change in future retirement costs of the Sleeping Giant mine.

The following table sets forth the estimated undiscounted cash flows of future retirement costs used in the calculation of the asset retirement obligations as at September 30, 2022.

**13- SHARE PURCHASE OPTIONS AND WARRANTS**

The shareholders of the Company approved a stock option plan (the « plan ») whereby the Board of Directors may grant to employees, officers, directors and suppliers of the Company, share purchase options to acquire shares in such numbers, for such terms and at such exercise price as may be determined by the Board of Directors. It was originally adopted in October 1996 and approved by shareholders of the Company on December 1<sup>st</sup>, 1997 and has subsequently been modified several times with the approval of shareholders in December 2001 and December 2012. The exercise price cannot be lower than the market price of the shares at the time of grant.

The plan provides that the maximum number of shares in the capital of the Company that can be reserved for issuance under the plan shall be equal to 14,500,000 shares. The maximum number of shares that can be reserved for issuance of option to any one person may not exceed 5% of the outstanding shares at the time of grant and the maximum number of shares which may be reserved for issuance to an investor relations representative, a consultant or a supplier may not exceed 2% of the outstanding shares at the time of grant.

The acquisition conditions of share purchase options are without restriction. However, the options granted to investor relations representatives will be acquired at a rate of 25% per quarter. These options will expire no later than five years after being granted.

**Share Purchase Options**

Changes in Company share purchase options were as follows:

	<b>September 30,</b>		<b>June 30,</b>	
	<b>2022</b>		<b>2022</b>	
	Number	Weighted average exercise price	Number	Weighted average exercise price

<b>Outstanding and exercisable, end of period</b>	<u>2,800,000</u>	0.09	<u>2,800,000</u>	0.09

During the year ended June 30, 2022, the Company issued share purchase options to an officer of the Company. The weighed average fair value of the granted share purchase options of \$0.0515 was determined using the Black-Scholes options pricing model and based on the following weighted average assumptions:

	June 30, 2022
Average share price at date of grant	\$0.09
Expected dividends yield	-
Expected weighted volatility	71%
Average risk-free interest rate	2.52%
Expected average life	5 years
Average exercise price	\$0.10

The underlying expected volatility was determined by reference to historical data of the Company's shares over the expected average life of the share purchase options granted. No special features inherent to the share purchase options were incorporated into measurement of fair value.

A total amount of \$103,000 of share-based payments was accounted for in profit or loss and credited to contributed surplus.

**16- POLICIES AND PROCESSES FOR MANAGING CAPITAL**

As at September 30, 2022, the capital of the Company consists of equity amounting to \$8,136,745 (\$8,037,994 as at June 30, 2022). The Company's capital management objective is to have sufficient capital to be able to meet its obligation related to operation and its exploration and evaluation plan in order to ensure the growth of its activities. It has also the objective to have sufficient cash to finance its operations, the exploration and evaluation expenses, the investing activities and the working capital requirements.

There was no significant change in the Company's approach to capital management during the period ended September 30, 2022. The Company is subject to regulatory requirements related to the use of funds obtained by flow-through shares financing. These funds have to be incurred for eligible exploration and evaluation expenses. During the year, the Company has respected all of these regulatory requirements. Other than the use of funds obtained by flow-through shares financing, the Company is not subject to any externally imposed capital requirements.

**17- SUBSEQUENT EVENT**

On October 5, 2022, the Company announced the signing of an amended letter of intent with Pershimex Resources Corporation (« Pershimex ») which modifies the one dated June 9, 2022. The amended letter of intent aims to clarify the rights and obligations of the parties, in particular the abandonment of the exclusivity offered by Pershimex to Abcourt and the magnitude of the termination costs, all depending on the progress of the discussions between Abcourt and Pershimex to finalize the Transaction. In the amended agreement of October 5, 2022, the exchange ratio remains unchanged at 0.5714.

On November 18, 2022, Abcourt and Pershimex have entered into a definitive amalgamation agreement pursuant to which the Abcourt has agreed to acquire all of the issued and outstanding common shares of Pershimex (the « Pershimex Shares ») to create one of the largest property portfolios amongst gold explorers across major gold districts in Québec and massive diversified emerging gold producer and explorer in Québec (the « Transaction »). The Transaction is being carried out by way of a three-cornered amalgamation (the « Amalgamation ») under the Canada Business Corporations Act.

As part of the Transaction, Abcourt intends to complete a share consolidation on the basis of seven for one (7:1) common shares of Abcourt (« Abcourt Shares »). The proposed Consolidation will reduce the number of the outstanding Abcourt Shares from 348,814,130 to 49,830,590. In addition, Abcourt intends to change its name to « Infinitas Gold inc. / Infinitas Or inc. ») and its trading symbol to « IN ».

The consolidation and name change are subject to the TSX Venture Exchange's (« TSX-V ») approval and Abcourt shareholders' approval. Abcourt shareholders will be asked to vote on resolutions approving the consolidation and name change at the upcoming annual and special shareholders meeting to be held on December 20, 2022

Under the terms of the merger agreement, Pershimex shareholders will receive 0.0816 of an Abcourt Share (post-Consolidation) for each Pershimex Share (the « Exchange Ratio »). The Exchange Ratio implies a consideration of C\$0.0289 per Pershimex Share, based on the 60-day volume weighted average price (« VWAP ») of the Abcourt Shares on the TSX-V on October 3, 2022. The Exchange Ratio represents a premium of 9.1% based on the 60-day VWAP of the Pershimex Shares ending on October 3, 2022. Outstanding Pershimex warrants and options will be exercisable in accordance with their terms into Abcourt Shares, subject to the Exchange Ratio and Consolidation, until their expiry date, the whole resulting in the issuance of up to approximately 11,327,777 Abcourt Shares (post-Consolidation).

**18- SEGMENT INFORMATION**

The Company operates a gold mine in Quebec as well as several exploration and evaluation properties in the area. These operating sites are managed separately. The Company assesses the performance of each segment based on earnings before taxes. Accounting policies for each segment are the same as those used for the preparation of the financial statements.

There was no difference as at September 30, 2022, compared to annual financial statements of 2022 in the basis of segmentation or the basis of evaluation of segment result.
